## News Of Belle Glade Negro Schools

By Negroes—For Negroes

**PTA Notes**  
The regular meeting of the Belle Glade Elementary PTA was held Monday night, March 21. Plans were completed to have two delegates represent us in the State Congress of Parents and Teachers to be held in Miami, Florida, beginning March 31. Mrs. Daisy Murrell, Vice President of our local branch, and Rev. H. C. Capehart were chosen as delegates. The next meeting of the PTA will be held Monday night, April 4.

**Classes Plant Vegetable Gardens**  
The members of second grade B and the sixth grade class are learning much in a practical way about how the eating of proper foods aids the body in keeping itself healthy. They are doing more than just talk about proper foods. Each class has a plot in the Sunset Heights area of the city upon which it has planted a vegetable garden. In addition to providing fresh vegetables for members of the classes, the gardens will probably create a desire on the part of pupils for more home-owned gardens.

The second grade B class has also made health booklets which are very colorful and contain many practical health rules.

**Nurse Murray Is Honored With Tea**  
On Sunday evening a testimonial tea was given at the West End Recreation Hall in honor of Miss Beatrice Murray, better known as Nurse Murray, who is leaving here.

Remarks were made by the heads of organizations and a program of songs and music was presented, among them a fountain pen and pencil set from the Belle Glade Housing Authority, a genuine alligator bag from the organization groups, and a travel clock from the nurses who have worked with her. Nurse Murray has served the Glades area for the past five

## CHINCHILLA COATS

There are only 25 Chinchilla coats in existence, and their value is \$25,000 to \$40,000 each. In order to own one, a person has to have quite a bank account.

If you own a Chinchilla coat, or anything of value, call us to day and insure it. We write all forms of insurance, including Life.

**Cosmetic Chatter**  
(By Malcolm Miller)

Sports writers insist that a "change of pace" is the supreme mark of a pitcher, and I'm here to tell you, as an old trapper, that it is the player capable of a "change of pace" that is the most valuable to a show.

That "change of pace" business is one of the reasons Jane Wyman is such a valuable asset to any show she may appear in. Of course Jane is known for her part "wise cracking", but as Mrs. Baxter in "The Yearling" she was nominated for an academy award.

It is in the nature of the later type that Miss Wyman has been cast in the never-forgotten "Johnny Belinda", coming to the Hugo Theatre, Sunday-Monday, March 27-28. As Belinda McDonald in the picture, Jane plays a poor little unwanted waif who slaves away her days as a woman of all work. Without benefit of make-up or pretty clothes, Jane is due to carry the brunt of the film, with straight, dramatic acting.

Starring with Miss Wyman is Lew Ayres, the doctor first to find her secret, first to share her shame. Charles Rickford, veteran of stage and screen, is in the picture.

Protect your new upholstery or cover up the old!

We've got just the thing—

DON'T GIVE UP!

If your "wreck" is worth saving Let ASHLEY'S fix it up

Don't wait until you have a smash-up, though, to get your car in good shape and keep it that way! Our check-ups, repairs and maintenance work keeps your car smooth running and economical to operate—and most important—prevents expensive breakdowns from occurring.

Bring your car in to day... and let us check it for you at regular intervals. We're experts on breaks, ignition, and motors and fully equipped to do reliable work.

years ago, later branching out with a store in Pahokee, which is now the main emporium of that city.

Mr. Joe Gold, from New York, joined Mr. Kahn in the Belle Glade store, and has been associated with him since 1933. These men have had faith in the Glades, and through good and bad seasons, have never lost interest, but have progressed forward, till they have now accomplished the full realization

of their dream.

The second floor of the building will not be opened until

fall, but meantime will be equipped with furnishing and stock. An elevator and a broad stairway leads from the ground to the second floor. When opened for business this department will be in accord and keeping with the one that is now in operation.

Miss Marion Gold, is the daughter of Joe Gold, and for several years has been connected with the National Broad Casting Company, at Radio City, in New York, its program and public relation departments.

**Torch Lighting Ceremony** Starts Scout Crusade

The entire membership of the Boy Scouts of America will be called upon to join in a great Crusade to raise Scouting—America's leading youth movement—to a new high in leadership effectiveness, in program richness, and in membership strength.

This Crusade will begin in this area when the South Glades District of the Gulf Stream Conference holds its Torch Lighting Ceremony at the American Legion hall, Thursday, March 31, at 7:30 P. M.

At this ceremony, all scoutmasters and Council members will take their pledge to aid in the Crusade and strengthen the Arm of Liberty. This pledge will be symbolized by each leader heading his torch lighted by the Goddess of Liberty, Miss Boots Young.

The public is invited, especially the parents of the Scouts. The program will include demonstrations in Scouting for members of Troops 22, 28, and the Senior unit and the Cub Pack.

**MERCHANTS WANT**  
Continued from page 1 show have already appeared in Belle Glade this season, and all have taken money out of the city. For example, the Rogers Bros. Circus had not removed their equipment from Belle Glade, until a carnival company pitched their aggregation over on the Avenue 6 show grounds, under the sponsorship of the Colored Health Clinic Association.

**CANNING PLANT MAY**  
Continued from page 1 that the operation of the plant would help in many ways to the community.

This plant being a war time project was built for big production capacity, but that was too big a proposition for commercial operators to handle on a bean packing program alone, unless new line of production was added, which the proposed new leases are contemplating.

It will take considerable time to retrofit the plant for operation but plans call for a rush job on this feature if a lease be consummated.

**COMMISSION PLANS**  
(Continued from Page 1) Civil Service Commission for the city, covering certain types of city employees, was given close consideration. The bill

contemplates a five member board who shall receive a fee of \$500 a meeting, not to exceed \$50,000 in any one month, or not more than \$200,000 in any one year.

**BEACHAM AND ELLIOTT**  
(Continued from Page 1) well as in planning the legislation necessary. Incidentally, there must be legislation setting up the machinery to deal with the Federal government and administer whatever funds are available. This is an important as getting the money.

Generally, the discussions have insisted that local conditions be featured in whatever administration is provided. This idea is heartily supported by our legislative members.

The Resources Board has spearheaded this flood control work to this point, and will continue during the entire session. Ralph Blank, joined by whatever help he may need, will make headquarters in Tallahassee during the legislature, or until we get action on this.

Ralph Blank may be termed a "lobbyist" in this instance; but that word carries no taint cause he's working for you and me.

CONGRATULATIONS

Belle Glade Chamber Of Commerce

BELLE GLADE, FLORIDA

Mr. Joseph Kahn  
Pahokee, Florida

Dear Sir:

The Belle Glade Chamber of Commerce wishes to express its sincere appreciation to you for the completion of the new building.

The Board of Directors of the Chamber of Commerce is proud to have completed this structure. We view this as a demonstration of the architectural skill and thrift and permanency of our community. We hope that others will follow your example in making these improvements to our community.

The Chamber of Commerce is an organization that we can be proud to build a big part of.

Again may we extend our congratulations to you for your many friends and success in your business.

Respectfully,  
BELLE GLADE CHAMBER OF COMMERCE  
HENRY O. ELLIS  
President.

Poultry Breeder's  
Chicken Of 1951  
Contest For New

The 1949 Florida Chicken-of-Tomorrow contest will be held June 22, for both adult and junior breeders. In making the announcement, State Chairman N. R. Mehrlhof, poultry husbandman at the University of Florida, reported that birds competing in the contest must be hatched the week of March 30.

"Goal of the new three-year program," Mehrlhof said, "is a 1951 model chicken patterned along the lines of progress made in the initial Chicken-of-Tomorrow breeding contest. The new bird, to grow faster, with still more meat, is being scientifically re-designed to bring increased consumer satisfaction, in the same fashion that science has converted cattle, hogs and other food animals," he said.

Breeders and growers throughout the state are encouraged to help redevelop and produce the meatier bird—one with beefier drumsticks and extra layers of white meat. State, regional and national contests are scheduled from coast to coast, and \$10,000 in awards from the A & P Food Stores is awaiting breeders turning out the prize specimens.

"In man respects, the Chicken-of-Tomorrow is here today," Mehrlhof said. "Birds judged at the national finals last June in Delaware, where a California hatchery won the top \$5,000 prize for its Cornish-New Hampshire cross, are a better meat-type chicken than consumers have had in the past. The main objective now is to spread and expand production of these birds, so that more and more superior chickens will soon be reaching American dinner tables."

Each senior contestant will band 100 straight-run chicks, while 4-H Clubbers and Future Farmers participating in the junior contest are required to start 50 chicks. All birds will be grown to the age of 12 weeks. Entry blanks and complete information about the contest are available from Mr. Mehrlhof at the Poultry Department, University of Florida, Gainesville.

Masonic Lodge To  
Lay Corner Stone of  
New Colored School

The March meeting of the Master and Warden's Association of the 22nd Masonic district was held at the hall of Okeshobee lodge in Okeshobee, last Friday night, with a large attendance and a very interesting program presented, with Chester Wright of Lake Worth, presiding.

District Deputy Grand Master Irvin Heugland called upon all seven of the lodges represented for reports, and some very encouraging information resulted. The next session of the Association meeting will be a breakfast meeting during the grand lodge session in April, and at that time officers for the ensuing year will be elected. The address of the evening was given by John M. Gledhill, of Old Erie Lodge, No. 3, of Warren, Ohio, on "Masonic Cogitations". Joseph Cherry, Sr., is likely to receive the appointment as the new District Grand Master. L. E. Will, worshipful master of Belle Glade Lodge, and District Deputy announced that laying of the corner stone for the new negro elementary school in Belle Glade, either April 2 or 9, under the auspices of the Grand Lodge of Florida, and quite an event will be made of the occasion.

The Association donated \$27 to the Grand Master's special hospital fund, and all nine lodges of the district have made their full apportionments and more to, to this most deserving project.

Golden Rams Will Play  
Ten Baseball Games  
In Its Schedule

Coaches Cooke and Lavitt have completed the baseball schedule for the Golden Rams, with the opening home game at Memorial field on April 1, with the Lake Worth Trojans, who usually have a pretty formidable team.

Cocher Cooke will depend upon Tommy Williams and Farmer as his pickers while Harry Doggett will be the man being the plate. The other positions on the team are pretty well cared for from among the ranks of the candidates in training.

The schedule as released is as follows: March 29, South Broward at Dania; April 1, Lake Worth at Belle Glade; April 8, Delray here; April 12, open; April 14, Eagles at Ft. Pierce; April 18, Clewiston, here; April 22, Delray at Delray; April 26, South Broward, here; April 29, Lake Worth at Lake Worth; May 3, Ft. Pierce, here; May 6, open.

## OBSERVATIONS.

Continued from page 1  
to raise an abundant crop of vegetable this spring season. Had not this big source of water in the lake been available, the dryness of the season, would have spell failure.

Some of the local cattle men such as Knight, Braddock and Creech, say that the toughest thing that farmers have to contend with is the fast growing and threatening Marier grass, which is so common in the Glades. Creech says, that from his own experience, he knows but two ways to effectively get rid of it, one by digging it out and the other turning cattle in to graze on it, and that the latter is the most effective. Cattle love this tall grass, and in getting to the green stems, they break it down and later tramp it under foot, and kill it out. Cision was made of one instance, namely, the field lying east of the former Braddock home on the south Chosen road. A few years ago, this land was covered with a deep forest of para grass, the home of bugs and snakes, but now is a clean, attractive piece of grazing land.

By the number of new people who are coming into Belle Glade, this city must be deemed a pretty good place in which to engage in mercantile business. Many new owners of groceries, dress shops and other businesses.

Joe Kahn of Pahokee and Joe Gold, of Belle Glade, are indeed to be congratulated on the fine business block they have built here, and the beautiful store which is occupying same. They took a gamble to show their faith in our city.

The women folk of Belle Glade are exercised about what are the styles and various fashions going to be this spring and summer. Most of them are making this Friday night a dated evening for they are going to see the PTA style show at the school auditorium, in which local merchants will display, by pretty models, the latest things in women's dress wares. Betty go and get an eye full of the "new look" designs and styles.

With the growth of the population of Palm Beach county growing as it is, and the additional weight which the commissioners need to do to keep things moving in the public behalf, the members of that Board feel that they are entitled to an increase in salaries, some what commensurate to those drawn by the fee collecting officers. They therefore have prepared a bill to be presented to the Legislature for consideration which would give them \$8000 a year, instead of \$4200; and \$6500 for the chairman. Judge Robbins also says "Me Too".

The members in attendance at the Belle Glade Woman's Club, last week, were addressed by Assistant County Agent H. E. Speer, who chose to speak on the "Early Days and Developments of the Everglades". As

"Prof" is one of the old boys who have grown up from the pioneer days, he had a lot of information of greatest interest to relate.

Citizens and farmers who had business at the Experiment Station with Messrs. Stoddard and Hoffman, regret very much that those experts have been transferred to other stations to take up work. Both had taken an active part in civic affairs. Both Mr. and Mrs. Stoddard were high type musicians and vocalists and their appearances on programs will be much missed. The Stoddards leave after July first.

The Commentators desk was honored by receiving an illustrated pamphlet from the Brooklyn Baseball Company, of the National League which is having spring training at Vero Beach this season. It is a well

written and illustrated compendium of information concerning the "Bums" or "Dodgers". We read it from cover to cover with much interest and the gaining of much valuable information.

When is the summer softball season going to get started? When is the new ball park at Paradise park going to be ready for use? These two questions are ones that the players and fans alike are fusing over.

Guess our farmers must have paid up their stipends to their protectors for by some source of divine power, we have so far missed any devastating frosts. Guess now all have to pray for some good rains.

Cleanliness is next to Godliness says the Holy Writ. That people might have clean and health food handled and prepared in a sanitary manner and

then kept for later consumption is one of the reasons why the State and County Health Departments are holding the series of Food Handling Schools. The course of study presented is one of great value and the women of Belle Glade should not miss the opportunity of its value. Everglades theater, March 28-31, two classes a day of two hours duration.

Mr. Cooksey agreed that his organization would support these measures.

It is now apparent that the Florida Brotherhood of Fishermen and the Florida Wildlife Federation will stand solidly together for the purpose of bringing about real conservation of our salt water resources.
